

## **VetGen SCID Testing Price Special**

Through January 2010 SCID test kits will be priced at \$84/test, with the first 100 tests ordered additionally discounted to \$70/test. Orders must be placed either through FOAL (no minimum per order) or as a group order of at least 20 SCID tests (if ordering directly from VetGen).

Please visit <http://foal.org/TestKitsandForms.html> for information on placing an order through FOAL. Anyone wishing to organize a group order should contact Ann Arnold at [vetgen@vetgen.com](mailto:vetgen@vetgen.com).

For anyone interested in also having coat color testing done from the same sample used when ordering a SCID test, there will be additional coat color special pricing with the first two colors for \$25 (instead of the regular \$50 price) when also ordering a SCID test.
