Whereas, Growth of the jumper division is dependant on the utilization of classes that provide stepping stones for a logical progression up to the more difficult jumper classes; and

Whereas, Lower fence heights would encourage more participation in Jumper classes at the Local, Regional and National level presenting them with an opportunity in which to gain experience and confidence against similar entries before moving up to the higher divisions; Therefore, Be It

Resolved, USEF AR155 Arabian Jumper Class Specifications be amended to add: 3. LOW- Obstacles to start at 2'3" to maximum height of 2'6", with spreads to 2'9".
