13 **RESOLUTION:**
14 *(Refer to Article 901 for submission requirements.)*

15
16 Whereas, When Achievement Award points were first awarded based upon dressage scores, the IAHA staff requested
17 that Training, First and Second Levels be treated the same to reduce the programming costs and because of
18 this, Training, First and Second Level scores are treated the same; and
19

20 Whereas, In the opinion of the proponent it is not fair for Training, First and Second Levels to all receive the same
21 Achievement Award points nor are the points for the remaining levels reflective of the progressive
22 difficulty of the levels; and
23

24 Whereas, Dressage is a progressive sport and performance at the higher levels should be properly rewarded; and
25

26 Whereas, It is the intent to have Achievement Award points reflect excellence in competition; Therefore, Be It

 78 **PROPONENT'S FINANCIAL IMPACT:**
 79 (Refer to Article 901.2.e. for financial requirements.)

80
 81
 82 **AHA IMPACT STATEMENT:**

83
 84 The Awards Committee (by past precedence) has put forth and/or approved resolutions which change the point structure
 85 retroactively. This reduces confusion in explaining past point structures to Members and helps the AHA IT Department in
 86 doing one overall change to the system instead of building numerous point structures. Although the points are changed
 87 retroactively, any Achievement Award levels previously awarded remain valid. The last resolution (#6-05) which addressed
 88 awarding Dressage Achievement Award Points was done retro by score.

89
 90 AHA Staff is recommending that if this resolution is passed, it is done with changing the resolved to reflect retro calculation
 91 of points.
