

Ocala Arabian Horse Farm Tour

NOVEMBER 16, 2010

While you're in Orlando for the 2010 Arabian Horse Association Convention, be sure to enjoy the magic that only the Arabian Horse can bring to you.

Region 12 is proud to offer a wonderful opportunity to visit three of our finest Arabian farms, all located in the beautiful Ocala area. Each farm will have live presentations and will be providing all food and refreshments throughout the course of the day.

All that each participant will be responsible for is the cost for transportation via motor coach. Pick up and drop off will be at the AHA Convention Host Hotel, the Buena Vista Palace.

This tour is open to everyone.

Come to Sunny Florida this November and join us as we put our beautiful Arabian horse back into the Convention!

See attached registration form for more details!

Carol shares the emotion and love that the Arabian brings to their lives. "My job is to see that they get carrots" she says.

Centrally located in the "Horse Capital of the World", beautiful Ocala, FL

Hennessey Arabians

First Stop (approx 10:00am)

Frank & Carol Hennessey discovered a passion when they met and fell in love with the Arabian breed. As they began to settle into retirement in 2006, Frank & Carol moved into their new found passion and created a heaven of their own at Hennessey Arabians—a serene and beautiful home for the Arabian mare. Their mission is to develop, maintain and share a place of no pressure, where the Arabian mares of the farm, along with their foals would dictate the environment in which they lived. They have made a home and a haven for the animals that have touched their own lives and they wish to share the experience with you.

Frank & Carol come from a life of business ventures, investments, great risk and great success, but now in their retirement they have created a new but just as successful dream. "I never believed that

the Arabian horse could make such a difference in my life, but it has," says Frank Hennessey, "of all the things that I am still involved in...nothing gives me more pleasure than being on the farm."

Hennessey Arabians will be providing a delicious breakfast for everyone that will include traditional Southern Mimosas!

Foxview Farm

Second Stop (approx 12:30pm):

During your visit to Foxview Farm, don't expect "same old –same old", we have something totally different and distinctive planned for your enjoyment. We guarantee you have never seen anything like this before. Be prepared to witness a unique glimpse back in time to what may have been the beginning of American horse showing. We will be announcing other special additions to the presentation as the event gets closer.

In addition to the above mentioned event, plan to enjoy a complete tour of the state of art facilities at FVF, discover the comfortable family atmosphere and meet some of the most loved and pampered creatures

on the planet and their owners. FV's trainers will be available to answer questions and schedule tryouts or viewings of the sales horses.

In keeping with the theme of the day a delicious lunch will be served to one and all!

Rohara Arabians

Third Stop (approx 3:30pm)

Roxann and Karl Hart, are excited to act as our host for the last stop of the day and invite each of you to take this opportunity to visit with them.

Rohara Arabians represents four decades of continued achievements in excellence. Rohara was founded in 1968 and moved from Miami to Ocala in 1983. The farm boasts a world class facility with two covered round pens, covered walker, 100 stalls, breeding lab and covered breeding shed, and covered 200' arena. Rohara's rolling pastures, 125 acres, ponds, and hundreds of oak trees are a beautiful and natural environment for the Arabian horse.

Over the years, Rohara has enjoyed tremendous success in the show rings "all" over the world. Rohara has exported some of the finest breeding stock to fifteen different foreign countries: Brazil, Canada, Colombia, Costa Rica, Ecuador, England, France, Guatemala, Italy, Mexi-

co, Nicaragua, Panama, South Africa, Sweden, Trinidad, and Venezuela. Many Rohara exports have had tremendous success in foreign show rings and breeding barns.

Rohara will be serving dinner as well as providing us all a chance to see their finest horses.

Roxann Hart
says Rohara
feels like a
"beautiful,
natural
environment
for the
Arabian
Horse."
