

## **Arabian Treasure**

by Carrie Graves

Neither gold nor jewels  
From the desert sands  
Comprise the noble treasure  
Of the Arabian lands  
Its riches reside rather  
In a living creature  
Of brave disposition  
And fine chiseled feature  
A tail of high carriage  
Majestic beauty untold  
Far outweigh the worth  
Of cold silver and gold  
A sleek shiny coat  
Distinctly dished face  
A loving nature  
And unparalleled grace  
An intelligent eye  
Spirit and pride  
Stamina and heart  
And an incredible ride  
Are qualities inherent  
In the Arabian breed  
Jewel of the desert  
Highly treasured steed  
It is obvious that  
No scale can measure  
The great value of  
This Arabian treasure
