

# TRANSPORTED/STORED SEMEN SERVICE CERTIFICATE

SM

Serial No. \_\_\_\_\_

Stallion \_\_\_\_\_

Registration No. \_\_\_\_\_

Issued to \_\_\_\_\_

Date issued \_\_\_\_\_

This certificate has been issued for the stallion identified above to use in registering one offspring by that stallion conceived using fresh cooled semen which has been transported and inseminated into a purchased Arabian mare or frozen semen which has been stored and/or transported and inseminated into a purchased mare.

This *properly signed* certification must accompany the application for registration for the foal. This certificate is needed for each foal to be registered.

I certify that semen was collected from the stallion shown above while this stallion was in my recorded ownership. I understand that once signed, this certificate may be presented to the AHA Registry to register one purchased Arabian foal produced using semen from this stallion. I also understand that this signed certificate is the only document needed from me, as the stallion owner at time of collection, to register the foal.

Signature of party to whom certificate is issued (shown above) \_\_\_\_\_

Date \_\_\_\_\_

Name (please print) \_\_\_\_\_

If this certificate is not to be used to register a foal, please return it to the AHA Registry for redemption.

Arabian Horse Association, 10805 E. Bethany Drive, Aurora, CO 80014
