SHOW RESULTS SUBMISSION TIPS

In an effort to make show results entry more efficient, we have a few tips for you to keep in mind when preparing your results.

Data Entry
1. When inputting the names of the riders, please use their name as it appears on their AHA membership card. USEF uses a different method to verify riders, and has told us that show management will not be fined for sending results to them that are not a perfect match to the rider’s USEF card.
2. All Canadian registered horses MUST have either CAHR or CPAR in front of their registration numbers. For CPAR horses, there must be a zero in the registration number after the “A” for the purposes of electronic results submission. Our results download program won’t recognize the registration number without the zero. For example: CAHR horses will appear like this – CAHR45678 – while CPAR horses will appear in one of the following ways – CPAR1A02345 or CPARAA00345. U.S. registered horses should never have a leading zero, and the breed registry designation should not be included in the electronic results for U.S. registered horses. i.e. 456789, not AHR456789; or 1A345678, not HAHR345678 or IAHA345678. Also, there should never be any spaces in a horse’s registration number.
3. We are trying to standardize the way that riders are reported to us when they have purchased a Single Event Membership or if they are a Walk/Trot exhibitor. In place of the membership number, we are asking that you use the letters “SEM” to indicate someone who has purchased a Single Event Membership, and use “WT” or “W/T” to indicate someone who is a Walk/Trot exhibitor. Also, if you have someone who purchases a new membership at the show, please put “JOINED” or “JAS” in the membership number field. If someone renews an existing membership, use their membership number in the field. If you don’t have their number, please contact the AHA office before submitting your results to verify their number.

Reporting Show Results
NEW for 2022. All horses who were entered, shown and judged (finished the class) must be reported. Those not placed will require a 0 in the placing field.

How to determine the number in class for Championship Classes
1. Breeding and In Hand - The Arabian Scoring System
   Only the top two horses from each qualifying class are eligible to return for the Championship. The Ring Coordinator or Scorer must provide an accurate total of the number of horses passing through the gate to compete in the Championship class. Please refer to the USEF rulebook for horses eligible to come back into the Championships.
2. Sport Horse In-Hand
   The number in class for Sport Horse In-Hand Championships shall be determined by the number of qualifying classes. Two horses from each lead-in class are eligible for the Championship. (For qualifying classes with only one entry, only one horse will be counted toward the number in the Championship class.) Please note: If one horse qualifies in two different classes, it will only be counted once. For example:
   Class 1: 1st place - #101
   2nd place - #102
   Class 2: 1st place - #103
   2nd place - #104
   Class 3: 1st place - #103
   2nd place - #105
The number in class for this Championship would be five, as #103 was pulled forward from two classes and can only be counted once. Another way to think of it is how many horses are eligible to “pass through the gate” - #103 can only pass through once, so is only counted once.

*Note: Results must be submitted to the AHA with the proper number of horses in class.*

**Ties**
All ties must be broken, when possible, in Dressage, Working Western and In-Hand classes. Working Western includes Western and English Trail, Reining, Working Cow, Reined Cow, Cutting, Herd Work, Western Riding and Ranch Horse Riding. In-Hand includes Breeding classes, Gelding In-Hand and Sport Horse In-Hand. Please see the USEF Handbook and the AHA Handbook for rules about breaking ties, or refer to the “Breaking Ties” document on the website.

**Non-Placed Horses with Qualifying Scores**
For Working Western and Dressage classes with a number in class of more than 6, please report the scores for the non-placed horses by listing them in the results with a zero placing. This way the exhibitors can use their scores for qualifications.

**Fence Heights Listed in the Class Titles in the Electronic Results**
Fence heights do not need to be listed in the class titles in the electronic results, but if you do include the fence heights, be sure not to use the quote mark (“) to indicate inches. Quote marks are used to designate the start and end of a field in the electronic results, and having an extra one in the class title will confuse the download program. You can leave the inches out (ie. 2’3) or you can use letters to indicate feet and inches (ie. 2ft3in).

**Non-Member fees**
MEM 105.4
“The individual or sponsoring Show/Event Organization will be billed for the full amount owed for Single Event Membership(s) in the amount of $35 for local level Shows/Events and for the full amount owed for Competition Level Membership(s) for Regional Level Shows/Events when correct fees are not submitted with results.”

Show management is permitted to collect these fees from the exhibitors on the back-end to help defer these costs, but will be expected to pay the invoice for these fees in a timely manner to avoid the possibility of having their next show delayed in the recognition process.

**Membership Verification Instructions for the AHA Website: www.arabianhorses.org**
To find or confirm a Membership:
- Go to www.arabianhorses.org
- Click on Competitions above the pictures to go to the Competitions Home page
- Click on the Membership Search button located in the right hand column
  - Search by Member Name or Number
  - Please be patient, results may take a few minutes to populate
  - Be sure to check start and end dates and comp card status
  - All Memberships are updated daily
Exhibitors may join AHA or renew their membership at www.arabianhorses.org or at your event. You can remind your exhibitors that on-line renewals and memberships are live and take effect immediately.

**Results Mailing/eMailing**
1. Please help us facilitate getting your show results processed in a timely fashion. The following steps will help streamline your show processing as it passes through the mailroom
   a. When sending in payment with your show results, please be sure to put all checks and all membership applications in the front of the packet. Please do not staple checks to the individual membership applications. If it is not clear which membership the check is paying
for, please make a notation on the check stating who it is for and put the check number on
the application.

b. If you are enclosing the results for two shows, please put each show in a separate envelope
or clearly rubber band each show separately. All payments should still be put in the very
front of the packet with a notation stating which show it is for.

c. If sending the payment separately from the show results, please send both the show results
and payment to the attention of the Competitions Department-Results.

2. Be sure to include your required lists of Horses, Riders, Walk/Trot Riders, etc. with your results
submission. These do not have to be mailed in as hard copy, but can be attached to an email with
your electronic results file. The Horse list should include the horse’s back # and registration # -
owner and parentage are optional. The Rider, Owner, and Trainer lists should include the
rider’s/owner’s/trainer’s AHA Member # and address – USEF # is optional. The Walk/Trot Rider
list should include the rider’s address and date of birth.

3. When sending in your results, you should include a list of TBA’s that were purchased at the show.
This list should include the class number, the class code and the class title. If the TBA class was
moved and re-numbered from another location in the schedule, you should also include this
information and give the original number for the TBA slot.

4. To help reduce the number of classes that need write-backs, you are encouraged to provide AHA
with a list of your classes that have “missing placings”, ie. a class of 6 or more horses that has fewer
than 6 horses placed. If you provide information about these “missing” horses, we won’t need to
write back about them.

Example:  
Class 14: 6 horses shown – two zero scores
Class 45: 5 horses shown – one excused
Class 14 will show 6 horses in the class with 4 horses placed; class 45 will show 5 horses in
the class with 4 horses placed.

We here at AHA appreciate everything that you do to help us get your show results entered in a
timely manner. Thank you!
