

Dear Whomever, This May Concern,

The Arabian Horse Association (AHA) members will participate in a number of community outreach events across the United States and Canada. The events are hosted by local barns and clubs to encourage community members to interact and engage with Arabian horses to create curiosity and interest in taking the next steps toward participating in riding programs, horse ownership and other activities.

We would like to ask if \_\_\_\_\_ would be able to submit a flyer for the event that could be shared with your \_\_\_\_\_

This event is one for the entire family and truly educational for all. Participants will get to meet and fall in love with an Arabian horse. This is a great event for the entire family. The Arabian horse is the kindest, friendliest horse you will find anywhere AND you will get to meet history! The Arabian horse is the foundation for all horse breeds everywhere.

At the event, you will be able to meet a horse, learn about the breed history, see the equipment used to care for the horses and have your photo taken with this beautiful animal. There will be raffles, food, fun and it is all free. What a great way to spend a Saturday with the family.

Thank you for taking the time to consider accepting and distributing our flyer. I hope we are able to partner with you and help share our wonderful horses.

Sincerely,

Lisa Blackstone  
President  
Arabian Horse Association
