- Whereas, Country pleasure since its inception has looked to separate itself from English pleasure and be a more relaxed and easier way of going class, and
- Whereas, By asking for a “STRONG TROT” in itself goes against what the class title implies, and,
- Whereas, by asking for a “HAND GALLOP” only continues in this process, and
- Whereas, In the opinion of the proponent, focusing on the finer points of Country Pleasure like Attitude, Smooth transitions and quiet mouths, Etc. all would be better served as the barometer for what’s important, and
- Whereas, In the opinion of the proponent, the halt and back portion of the required “test” in all Country classes has proven to be ineffective and time consuming while walking on a loose rein has been found as an adequate barometer of a “Country” attitude, and
- Whereas, Changing the word “Trot” in all of the Country classes to read “Country Trot” and the above-mentioned changes will help to bring separation and identity to the Country division; Therefore, Be It
- Resolved, That the AR sections contained in Subchapter AR-8 Country Pleasure Section be amended by striking out, inserting and renumbering the following:

AR135 Conduct

1. Competitors enter the ring in a counterclockwise direction, at the ~~normal~~ **Country Trot**.
2. Light contact must be maintained with all reins at all gaits.
3. It is imperative that the horse gives the distinct appearance of being a pleasure to ride.
4. All gaits must be performed with willingness and obvious ease, cadence, balance and smoothness.
5. It is mandatory that horses be asked to ~~halt on the rail, stand quietly, back and walk off~~ on a loose rein at least one direction of the ring. A true flat walk must be demonstrated on a loose rein with horse’s neck relaxed and head slightly lowered. Failure to demonstrate a true flat walk MUST be penalized.
6. **A back is optional and may be called for on the rail or in line up.**

- 48 6.7. A quiet, responsive mouth is paramount.
- 49 7.8. High action at the canter or trot must be penalized. Rider to post the trot.
- 50 8.9. Extreme speed at the canter or trot must be penalized.
- 51 9.10. For Country English Pleasure performance criteria, see AR Country English Pleasure Chart below.

Whereas, There was a desire by the committee to do a reflow of the Sport Horse Subchapter in USEF, and
Whereas, There have been modifications to the verbiage for clarification and readability; Therefore, Be It
Resolved, That the USEF AR Division be amended by substituting a revised SUBCHAPTER AR-17 SPORT HORSE SECTION inserting the following language and to be renumbered appropriately by USEF to fit their format:

SUBCHAPTER AR-17 SPORT HORSE SECTION

AR175 Purpose

The sport horse section was developed to evaluate and encourage the breeding of Purebred Arabian and Half Arabian/Anglo-Arabian horses suitable for dressage, western dressage, working hunter, eventing, jumper, carriage pleasure driving, combined driving, racing, competitive trail and endurance, and to Provide an opportunity to demonstrate the effectiveness of breeding programs. Form to function will be emphasized.

A western dressage horse, if shown in sport horse in hand or in sport horse under saddle, must conform to the appointment rules listed in AR-17 for those classes.

Please see GR1005.1 for sport horse judging and guest card requirements. DR126.2. d.1 (exception Arabian sport horse classes). In the event that a competition management intends to schedule a dressage judge outside of the limitations of DR126.2d. 1-2, it must be specifically noted in the contract. Management must also specify in the contract which classes the dressage judge is contracted to judge, i.e. dressage and/or sport horse. Management and the dressage judge must agree upon the contract provisions, to be eligible for overtime and compensation; both management and the dressage judge must sign and date the contract.

AR176 General

Protective headgear (as defined in AR111) is encouraged but is not required for all classes within this section.

- 1. In-hand, under saddle and sport horse show hack classes for (1) Arabians, and (2) Half Arabians/Anglo Arabian sport horses may be held separately or in conjunction with any licensed Arabian competition. Sport horse in-hand, under

- 51 saddle and sport horse show hack classes may be held for stallions, mares and geldings. SUBCHAPTER AR-1 applies to
 52 sport horse classes.
- 53 2. Sport horse in-hand and under saddle classes may be divided at the discretion of competition management into
 54 dressage type and hunter type. Horses may cross enter. All appointments and attire must match ~~for~~ the discipline
 55 being shown. Competition management is encouraged to offer separate championship classes for each type, but the
 56 championship classes may be combined at the discretion of competition management. If competition management
 57 decides to combine the types for the championship, the appointments and attire for each exhibitor must match ~~for~~ the
 58 specified discipline (dressage or hunter). Please refer to ~~DR 120-121 and HU 105-107 rules.~~
- 59 (a) Dressage type – displays the conformation and movement qualities as follows: Horses of this type carry a higher
 60 set-on neck than the hunter type, with sufficient length and flexion of the poll. Movement should be free, elastic,
 61 active and regular with good push from behind, without tension, and with an uphill balance.
- 62 (b) Hunter type – displays the conformation and movement qualities as follows: Horses of this type carry a more level
 63 balance than the dressage type, with easy, fluid, ground covering movement. The hunter type horse tends to
 64 move with a longer frame, with good push from behind, free of tension and showing good balance.
- 65 ~~3. Sport Horse In-Hand Championships shall be based upon highest scoring horses in qualifying classes. Sport Horse In-
 66 Hand Champions and Reserve Champions must be at least one year of age. No horse may be named Champion and
 67 Reserve Champion in the same class. (Example: when amateur and open classes qualify for the same championship
 68 class.) If the same horse has the two (2) highest scores, the next highest eligible horse shall be named Reserve
 69 Champion.~~

70
 71 **AR177 Sport Horse In-Hand Classes**

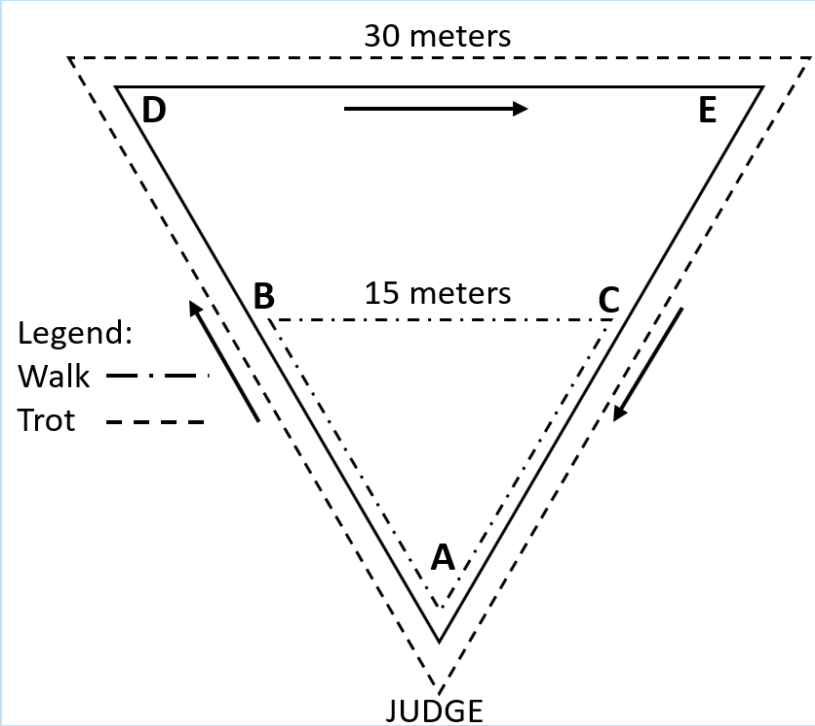

72
 73 Conformation is to be evaluated in terms of potential trainability, potential performance and predisposition to soundness.
 74 Form to Function is to be emphasized. Blemishes are not to count unless resulting from conformation faults. Gaits are to
 75 be evaluated in terms of purity, quality and correctness. Correct gaits which contribute to ease in training and the horse
 76 remaining sound and usable are most important. Purity and quality are judged mainly in profile. Correctness is judged
 77 mainly while the horse is ~~coming to~~ **moving away from** and ~~going from~~ **coming to** the judge's position **at the apex of the**
 78 **triangle**. Colts and stallions two years and over must have both testicles descended. Horses with loss of sight in one eye
 79 may compete in sport horse in-hand classes.

- 80
 81 1. Horses will be shown individually on the triangle; assistant handlers or whip handlers are not allowed. In-hand
 82 classes may be held in any age groups deemed appropriate by competition management and published in the prize
 83 list, with the exception that horses of one sex shall not be judged against those of the opposite sex. Exception:
 84 specified group classes or specified championship classes may have horses of all sexes.
- 85 2. **Open cards may be used.** Following a posted or announced order, or on request from the judge, entries in each
 86 class will approach the judging area one at a time, walk to the apex of the triangle. ~~Open cards may be used.~~
 87 Conformation judging may take place before or after the performance on the triangle, so wait for the judge's
 88 instructions. ~~Wait for the judge's request to proceed on the triangle.~~ **When the judge signals,** the handler
 89 **exhibitor** will lead the horse on the perimeter of the triangle in a clockwise direction, at the walk (**small triangle**)
 90 and trot (**large triangle**), returning to the apex and wait for further instructions. Repetition of all or any part of the
 91 movement on the triangle may only be ~~allowed~~ **performed** at the judge's request ~~only~~ **request of the judge**. At the
 92 completion of the judging, the handler will lead the horse away from the judging area. ~~The triangle may be~~
 93 ~~adjusted to fit local conditions.~~
- 94 3. Triangle: **The triangle may be adjusted to fit local conditions.** Corners should be well defined. A marker will be
 95 used at the apex and at each corner to define placement of turn for the exhibitor. Use of plants or flowers is
 96 allowed.

- The horse is to be shown in an "open position", for conformation judging. The traditional way of showing open position would be with the right **one** front leg slightly back **forward** and the right **one** hind leg slightly forward; but as long as all four legs of the horse are visible to the judge when standing on either side of the horse, this would be

- 119 acceptable. **The objective is to have all four legs of the horse visible to the judge when standing on either side of**
 120 **the horse.** The horse's head and neck should be allowed to show in carry a natural and comfortable
 121 carriage, and ~~with~~ the handler should stand **standing slightly** away from the horse, with a loose lead line. **It is**
 122 **permissible for the handler to use a discreet method to keep the horse's attention, such as a candy wrapper.**
- 123 5. Sport Horse Groups in-Hand. The AHA Group Score Sheet shall be used. The judge will be assigned a scribe who
 124 will record scores and comments as dictated by the judge. **Competition management will record class results on**
 125 **the Master Score sheet.** Groups will be examined one group at a time, but not necessarily on the triangle. The
 126 judge will require the individuals of each group to move at the walk and trot. Horses shall stand for conformation
 127 judging before and/or after completion of the group's movement.
 - 128 6. Foals may not be shown loose. Foals shall not accompany nor be accompanied by their dam.
 - 129 7. When possible, the announcement of awards will include the breeding of the horses placed: sire and dam as well
 130 as the name of the owner and the breeder.
 - 131 8. **The judge must excuse from the ring, any unruly horse, or one whose actions threaten to endanger other**
 132 **exhibitors, or their entries officials or show staff.**
 - 133 9. A whip may be used to guide the horse. **The whip may be a maximum of 6', no attachments.**
 - 134 10. Causes for mandatory elimination from the arena or designated judging area for In-Hand classes are:
 135 (a) Removal of eyelashes.
 136 (b) Changing the color of the main and/or tail (AR106.10.c); ~~or~~

 138 products may be used on the hooves of horses when shown in ~~Breeding and/or~~ **the** In-Hand classes.
 - 139 11. An entry must be penalized for:
 140 (a) Excessive amounts of oil, grease or other similar substances.
 141 (b) Balding of the area around the eyes or proximal to the muzzle and nostrils. ~~or~~
 142 (c) Excessive use of the whip or actions that may disturb other entries shall be severely penalized.

144 **AR 178 Sport Horse In Hand Scoring Procedures**

- 146 1. The AHA Individual Sport Horse score sheet shall be used. Each judge will be assigned a scribe who will record
 147 scores and comments as dictated by the judge. Horses will be shown individually on the triangle. Sport horse In-
 148 Hand classes are exempt from using the Arabian Halter Judging System.
- 149 2. ~~The judge shall use the AHA approved individual score sheets for individual classes, and the individual Group Score~~
 150 ~~Sheet for group classes (Get of Sire/Produce of Dam). AHA will provide the AHA individual, group, master class, and~~
 151 ~~championship Score Sheets to Competition Management via the website. Competition management may make as~~

AR184 Sport Horse Qualifying Description of Gaits

- 342 1. Innate quality movement is a priority in ~~the~~ **all** Sport Horse classes. All gaits should be pure in rhythm and should
 343 be ~~without~~ **performed absent of** tension or resistance. **Transitions should be absent of tension and balanced.**
 344
- 345 2. Walk -
 346 a. ~~Walk. (Also Working Walk)~~ The rhythm of the walk (**also working walk**) is four beats. The walk is to be regular
 347 and unconstrained. **There should be a clear "V" to indicate clarity of rhythm.**
 348 b. Collected Walk The rhythm is four beats **with good tempo**. The stride maintains the ~~marching~~ quality of the
 349 working walk with hind legs well engaged ~~but covers less ground.~~
 350 c. Extended Walk The rhythm is four beats **without rushing**. ~~While maintaining the march quality, the horse~~
 351 ~~does not rush, but with regular steps, will clearly show the hind feet touching the ground in front of the~~
 352 ~~footprints of the forefeet. The rider allows the horse to stretch forward with head and neck, but does not~~
 353 ~~release contact with the mouth. **Over track and a lengthen of the frame while maintaining the connection**~~
 354 ~~**demonstrate quality.**~~
 355
- 356 3. Trot -
 357 a. ~~Trot. (Also Working Trot)~~ The rhythm of the trot (**also working trot**) is two beats. The trot is free, active and
 358 regular. ~~The steps should be balanced and elastic with the horse demonstrating a supple back and well~~
 359 ~~engaged hindquarters. **The horse should demonstrate balance and elasticity through a supple back and**~~
 360 ~~**engaged hindquarters.**~~
 361 b. Collected Trot The rhythm is two beats. The horse continues to move forward with ~~impulsion, and~~
 362 ~~demonstrates an ability to further engage the hocks, which allows the shoulders of the horse to become~~
 363 ~~lighter and the stride to become shorter. **good energy and increased engagement. The shift of balance to the**~~
 364 ~~**hindquarters lightens the forehand, without constraint.** The neck is raised and arched, but not constrained.~~
 365 c. Extended Trot The rhythm is two beats. The horse covers as much ground as possible while maintaining
 366 regularity and balance. ~~The stride lengthens as a result of great impulsion. The rider allows the horse, while~~
 367 ~~remaining on the bit **contact**, to reach **lengthen** its frame. The forefeet should touch the ground where they~~
 368 ~~point **and there should be over track.** The transitions to and from should be balanced and smoothly executed.~~
 369
- 370 4. Canter -
 371 a. ~~Canter. (Also Working Canter)~~. The rhythm of the working canter is three beats. The canter should be light,
 372 cadenced (rhythm with a suitable tempo combined with springy impulsion) and regular. ~~Transitions should be~~
 373 ~~without hesitation and balanced. The canter should always be straight on straight lines **properly aligned (not**~~
 374 ~~**crooked).**~~
 375 b. Collected canter The rhythm is three beats. The horse moves forward with impulsion through increased
 376 engagement of the hindquarters and lightness of forehand. ~~The neck is raised and arched but not constrained.~~
 377 The back **of the horse** remains supple, and the strides ~~are shorter~~ **cover less ground.**
 378 c. Extended canter The rhythm is three beats. The horse covers as much ground as possible ~~while maintaining~~
 379 ~~regularity and balance **without losing rhythm or balance.** The stride lengthens as a result of great impulsion~~
 380 ~~from the hindquarters and the rider allows the horse to lower and extend the neck, without losing contact~~
 381 ~~with the bit, or leaning. **The frame of the horse may lengthen and connection is to be maintained without**~~
 382 ~~**leaning.**~~
 383
- 384 5. Lengthening of stride -
 385 When lengthening the stride is requested at the walk, trot or canter (**Sport Horse Under Saddle**), the horse should
 386 maintain ~~rhythm,~~ regularity and balance, while ~~reaching with~~ **being permitted to lengthen** the frame and the
 387 stride. The rider should maintain contact with the bit, while allowing the lengthening **of the frame**. ~~The strides~~
 388 ~~should be more ground covering and the horse should remain calm and supple.~~
- 389 6. Hand Gallop
 390 The rhythm is three beats. The hand gallop is performed with long, free, ~~ground covering~~ **powerful** strides. The
 391 amount of ground covered will vary between horses due to the difference in the natural length of stride. The
 392 horse is to remain mannerly, correct and ~~straight~~ **correctly aligned (not crooked)**. Extreme speed to be penalized.
- 393 7. Rein-back
 394 The rhythm is two beats. **The rein-back is a two-beat diagonal gait.** The feet are raised and set down in diagonal
 395 pairs. The horse is to remain calm, and obedient, ~~lifting and setting down the feet,~~ **compliant and** without
 396 shuffling. **The rider is not to create tension with the reins.**

- Whereas, Per the USEF Presidential Modification of July 11, 2024, at the request of the USEF Arabian Division, AR298(1) Competitors to enter the ring in a counterclockwise direction at a walk or trot/jog at the discretion of the judge, and
- Whereas, AR310(1)(b) Competitors may enter the ring at either a walk or trot/jog were changed from entering at a walk to an option to enter at a walk or a trot/jog at the discretion of the judge, and
- Whereas, The language should be consistent and how, when and where this determination is made and is not included, and
- Whereas, In the opinion of the proponent, these inconsistencies and ambiguities are detrimental to both our youngest and our older inexperienced exhibitors who now have to be prepared to enter at either the walk or trot or jog, and
- Whereas, In the opinion of the proponent, it is both safer and easier for horses to be trained to always enter the ring at the same gait, and
- Whereas, In the opinion of the proponent, this change of entering the ring was detrimental to the exhibitors and horses; and
- Whereas, In the opinion of the proponent, the Walk Trot 10 & Under and 11 & Over classes should enter the ring at a trot/jog; Therefore, Be It
- Resolved, That USEF AR298.1 be amended by striking out as follows:
 - 1. Competitors to enter the ring in a counter-clockwise direction at a ~~walk or trot/jog at the discretion of the judge;~~ **unless otherwise specified in a division rule** and, Be It Further

9.10. The safety of all exhibitors must be of primary consideration when adjudicating these classes. Any action by any exhibitor that endangers that exhibitor, or any other exhibitor, must be severely penalized and maybe considered cause for being excused from the class.

34 Whereas, Without a strong club structure, the Arabian exposure to bring in new owners and riders cannot flourish
35 plus there will be no one to put on the local/regional events, and

37 Whereas, Some individuals wish to belong to more than one AHA club to participate in that club’s individual

39
40 Whereas, In the proponent’s opinion, AHA should promote club memberships by making it easier and less expensive
41 to participate in multiple clubs both Local and Internet, Therefore be it

60 There will be a need to change the sign-up process for clubs to designate one club as the original club and subsequent clubs
61 as additional clubs. Therefore, the sign-up form will need to change and the back office to track one member in multiple
62 clubs, so the accounting is correct.

63
64 Currently approximately 397 members belong to multiple clubs. There are 229 1-year memberships (adult and youth) and
65 145 3-year memberships. Based on the proposed discounts, the loss of revenue would be \$6,335. Based on a June 2023
66 survey sent to all current club members (8,748 total members), 46% of the 2,291 completed responses indicated that they
67 would join an additional club if the membership was at a reduced rate. Those members will be new income for AHA in the
68 amount of \$40 for each club that they join.

69 AHA IMPACT STATEMENT: *(To be completed by AHA Staff)*

70
71 This will take an extraordinary amount of work on our end for small to no expected revenue increase. It would take us a lot
72 of time and effort and cause a huge setback in terms of 8i migration. We expect around 700 hours of BT work. Dollar wise it
73 will be around \$52,000.
