

Sport Horse Nationals

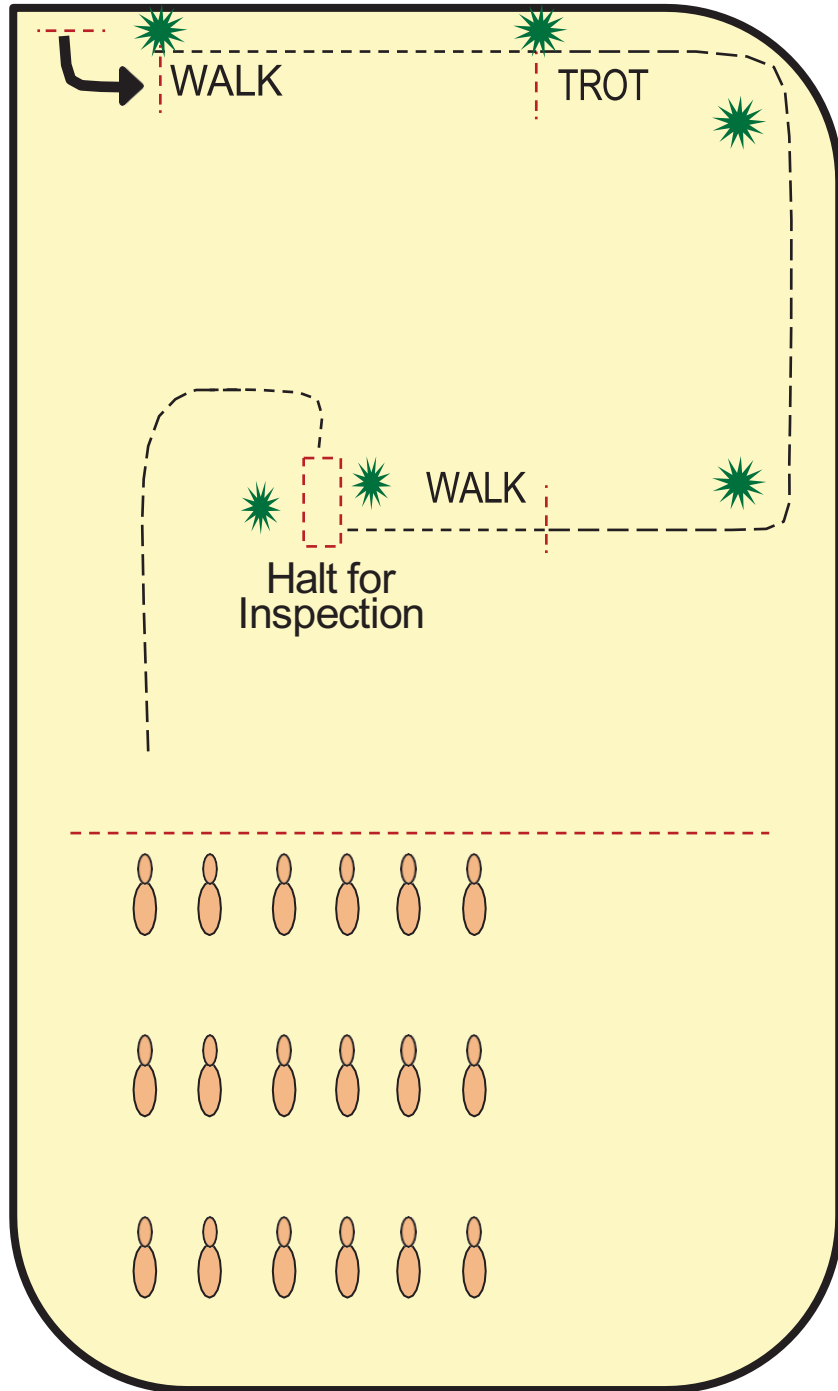

Supreme Championship Pattern

Judging begins when the horse enters the ring. Horses will enter at a walk through the in-gate in back-number order. Proceed to the first marker, then pick up the trot and continue as shown in the diagram.

At the designated marker, horses will halt for conformation judging. Following evaluation, when excused, horses will walk away from the Judges, strike a trot, and continue trotting to the lineup.

Once the judges have completed and submitted their scorecards, the next horse will enter the ring for evaluation.
